JISFA3#3 - Engine-to-cabin airborne transmission

mercredi 12 juillet 2023 11:20 (20)

Engine noise plays a variable role in cabin comfort, depending on the engine type. This presentation will focus on engine-to-cabin airborne transmission, prediction process and validation tests.

Presenter(s) : STEFAN MOAL (AIRBUS, Toulouse)

Classification par session : JISFA 3 / Aircraft Interior Noise
